

**Many public programs,
including campfires
and nature hikes, will
no longer be offered
by the MRCA as of
July 1, 2016.**

We regret that elimination of state funding previously available for these programs have caused us to cancel these beloved park traditions. We are actively seeking alternative funding so that these programs can be reinstated. For more information, call (310)858-7272 x131.

**Follow us on social media for updates
on our programs!**
